New Frackville Night Club Aims to Extend Cruise Night Fun!

Frackville – June 1, 2004 – A new night club in Frackville is aiming to extend the fun that happens with the community's 4th annual cruise night on Sunday June 13th, 2004. Club Paparazzi, located at 49 North Lehigh Avenue, will host the band "The Legends".

The Legends are a group that specializes in performing the best songs of the 1950's and 1960's. Their sound is just the type of nostalgia people look for that is inspired by the annual car cruise. With poodle skirts, bobby sox, cadillacs and mustangs roaming the streets of Frackville on June 13th, Club Paparazzi owners Tom and Sandy are hoping to keep the nostalgia in the air all night long.

Along with hosting The Legends, Club Paparazzi will be having a local personality from the area's local classic rock station, The Phoenix am 1450, present. The station will giving live broadcast updates from the street just outside of Club Paparazzi.

"We felt like this was the perfect opportunity to become involved in a great community event. Helping out the Frackville Cruise Night Committee and extending the fun a little longer for everyone by having The Legends play at Club Paparazzi, is an exciting and great event for us to sponsor," explained Tom and Sandy, owners of Club Paparazzi.

The Legends will take the stage starting around 8 p.m., just after the Frackville Cruise is wrapping up. With the motto "so grease back your hair and pull up your bobby sox, 'cause here we go with some rock n' roll", the band brings that added touch to end out Cruise Night in just the right fashion.
